## Why Choose Us

### **Who we are**

Catering Disposables was established in 2003 and is a leading supplier of disposables packaging. The company originated from the very successful 'Vending Products' which was established in 1970.

We provide a comprehensive range of top quality foodservice packaging products. With over 1500 products from paper cups, plastic glasses, plastic cutlery and paper plates to environmentally friendly products to meet all your disposable requirements.

### **A team that understands your business**

We understand your businesses ambitions and plans, and we have the know-how to support you on your journey.

We are genuinely committed to forming a partnership with you and are willing to invest time and effort in developing our relationship

We are very accessible

### **Relationship focus with a single point of contact**

Our differentiating advantage is that we operate with a hands on approach and view relationship management as key at all levels of the engagement team.

### **We do not supply directly to the end user**

We support the Wholesaler and work with them to achieve the best results. This includes Pricing and Marketing support.
